-SUMMER 2019-

PRIMARY
SCHOOL No.

16

In this issue:

- The best and the funniest memories from school
- Pictures from school
- Idioms
- Useful phrases to use in summer

Dear Readers,

We honestly can't believe that this is the last issue. We hope that you have very successful 10 months behind you. Time flies very fast, it seems like October was like a week ago. We can't stop it, but the thing we can (and will!) definitely do is making good and entertaining issue for the last time. So, why won't we see what's inside?

We want to show you our school in the best way possible, and what's better than a good memory? Some very interesting interviews about the best ones are waiting for you. We also have some good pictures. The school year is ending, and in consequence, it's summer. We want you to be prepared for it as good as possible, and that's why we've made summer idioms and very useful phrases. Of course, we wouldn't even do anything in this school without our teachers. You'll also find some words to them from us here.

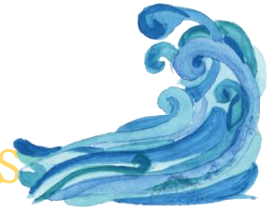

Enjoy,

SCHOOL CORNER

THE BEST AND THE FUNNIEST MEMORIES

POSTCARD

During one of the polonaise rehearsals, the deputy headmaster of the school entered the room and was furious. He told everyone to go back to class. Later it turned out that he was angry, because the students with whom he was about to have lesson at the time they were supposed to write a test, they went to rehearsal instead!

POSTCARD

In the first class during the trip, together with the girls from the class we locked ourselves in the room. Unfortunately, one of us closed the door too loudly and our teacher came to us. We were too scared to open, so we hid under the duvet!

POSTCARD

A gymnasium ball is definitely my best memory. Dancing the polonaise was a huge experience. I'd like to relive it again.

POSTCARD

At a history exam I was sitting behind a boy who was coughing all the time, so I couldn't concentrate for a long time, but then I managed to do it somehow. Now it's funny to me, but then I was really angry!

Dear Teachers and Students,

As the school year comes to a close I want to take a moment to say thanks.

First of all, I want to thank for the efforts made by school management to make our school function well. I would like to thank our teachers who have not only taught us for three years, but also supported us and shaped our personalities. We are incredibly grateful for every time they have devoted to us.

Special thanks go to our English Corner attendant Adrianna Krajewska, who supervised our work in the newspaper and without her there would be no issue of English Corner this year.

I would also like to thank my colleagues from school, because without us, students, those three years wouldn't be so great. As the last year group at Gymnasium, I think we did a great job. We have many difficult choices ahead of us, but I hope that everyone will find the right way to solve all the problems.

The beginnings and endings are always sad but we have to remember our good time at Gymnasium. After all the mistakes, improvements and knowledge we acquired, we are stronger and more confident about ourselves.

Dear five and six graders, you don't have to be afraid, everything will be fine. We will miss you. We are convinced that under the guidance of our teachers nothing bad will happen to you.

We all have worked hard during these three years and we deserve to rest.

There are only few words to say:

Goodbye and Happy Holiday!

Thank you for reading!

Goodbye!
